ABOUT ME

Motivated and detail-oriented AI/ML student currently in the 5th semester of a Bachelor's degree in Artificial Intelligence. Skilled in programming, data analysis, and applying machine learning techniques to solve real-world problems. Familiar with modern software development practices and eager to gain hands-on experience in designing and deploying intelligent systems. Known for strong problem-solving abilities, quick learning, and effective teamwork.

EDUCATION

Bachelor of Science in Artificial Intelligence

2023 - Start

City University Peshawar

Key Abilities/Relevant Coursework: Strong foundation in Data Structures and Algorithms, Calculus, and Linear Algebra. Completed intensive courses in **Deep Learning**, **Natural Language Processing (NLP)**, and Computer Vision. Proven ability in **training and optimizing AI models** and a strong grasp of the **Flask framework** in Python. Proven ability to apply theoretical concepts to practical projects.

Artificial Intelligence (Machine Learning, Deep Learning & Communication)

02-2024 - 05-2025

City University Peshawar

A 3-month intensive training focused on core AI concepts, including machine learning algorithms, deep learning architectures, data preprocessing, model training, evaluation, and deployment. The course emphasized hands-on practice with real-world datasets, building neural networks, and understanding AI communication frameworks. Successfully completed with Grade A.

SKILLS

- **Programming Languages:** Python(advanced), C++
- **Scikit-learn**,
- **Soft Skills**: Problem Solving, Teamwork, Communication, Time Management
- **PyTorch**
- **Tensor Flow**
- **Flask**, **Fast API** (Intermediate)
